DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-5, 9-16, 21-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, as amended, “, said chamber comprising movable space fillers” does not positively locate the movable space fillers in the chamber. Also, the movable space fillers being movable to at least a first location and second location is confusing since it is not clear how the first location and second location structurally relates to the chamber. In claim 12, the movable space fillers are not structurally connected to the other elements in the claim. It appears that a word or words has been omitted from the claim since in “said chamber comprising, and movable space means for filling a space” because what the chamber is comprised of should be recited after “comprising”. The movable space means should be positively recited to be located in the chamber. Please call the undersigned to authorize an examiners amendment to place the application in condition for allowance.

Allowable Subject Matter

3. Claims 1-5, 9-16, 20-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
